Ini Isaac Aniefiok

User Interface / User Experience Designer

With a solid foundation in computer science and three years of dedicated experience in the design industry, I bring a unique combination of technical proficiency and creative problem-solving skills. I enjoy creating designs that are not only aesthetically pleasing but also highly functional, ensuring users have seamless and enjoyable interactions.

UIUX Designer, Light Brain, Nigeria, June 2024 - Present

I designed consumer friendly interfaces for an **AI Model Specialised in literature Review, including Landing Page and web app.** I also collaborated with multiple teams including developers and stakeholders to ensure that the designs met all requirements.

UI / UX Design, Freelance, Nigeria, April 2024 - May 2024

I designed a visually appealing and **user-friendly landing page for an IT staff outsourcing and augmentation agency.** Conducted comprehensive user research and usability testing to gather valuable feedback and insights from clients, resulting in a user tailored interface.

UI /UX Design, Culbsiver stores, January 2024 - March 2024

I designed a visually appealing and **user-friendly E-commerce website with a robust drop shipping feature.** This comprehensive platform was developed with three distinct interfaces tailored for buyers, store owners, and affiliate marketers. Extensive research and usability testing was carried out to ensure that each interface met the specific needs of its users. The final product enhanced user experience, optimized operational efficiency, and facilitated increased engagement and sales across all user groups by eighty percent.

UI /UX Design, CryptoZash, Nigeria, July 2023 - September 2023

CryptoZash is a **revolutionary tool designed to empower users to effortlessly engage in the dynamic world of cryptocurrencies.** With a user-friendly interface and robust features, the app serves as a gateway to the exciting realm of digital assets, offering both novice investors and seasoned traders a seamless and secure platform to manage their crypto portfolios.
